The City of Marina di Carrara

Marina di Carrara stretches along the Apuan coast, the coastline of the entire province of Massa-Carrara and part of the Ligurian province of La Spezia, one of the most popular and pleasant seaside resorts. It is a well-known holiday resort, especially in summer, when the 15,000 residents are joined by several thousand tourists from other parts of Tuscany and Italy, who come here to enjoy a beautiful sandy beach and the magnificent view of the Apuan Alps in the background. It is located at the north-west end of Tuscany, bordering the Ligurian municipality of Sarzana, and is characterised by a wide sandy beach, almost fully equipped with beach umbrella and sunbed hire, managed by private bathing establishments. Behind it is a large pine forest, which provides shelter from the sun on hot summer days. Marina di Carrara is also an excellent starting point for visiting the splendid Carrara marble quarries, thanks to which the entire area is known throughout the world. In fact, it is only a few minutes by car from Carrara, from where you can go up to the quarries along narrow roads that climb the Apuan Alps - <https://www.toscana.info/massa/provincia/marina-di-carrara/>

The visit to the three marble quarries of **Torano**, **Fantiscritti** and **Colonnata** is unforgettable and unique. Along the route of the former Ferrovia Marmifera (marble railway), visitors enjoy a spectacular journey, passing over the bridges of Vara and inside the evocative tunnels carved into the rock, to discover the quarries, from which the white marble of Carrara was extracted in pre-Roman times.

The organization team is looking forward to receiving a lot of registrations.
Please send your application as soon as possible, the deadline for the registration is on
