It is with great pleasure for the Italian Sport Fishing and Underwater Activities Federation to organise the 2025 Junior Casting World Championship.

This speciality is arousing more and more interest among athletes and the sporting world in general. This motivates the Federation's commitment to promoting this activity, through the organisation of various competitions during the agonistic year.

Vicenza and the Veneto region represent a well organised and hospitable territory that will be able to guarantee particularly positive conditions for holding an event of this calibre.

I would like to thank in advance the delegations and all the athletes who will accept the invitation to participate in the championship, and I am sure they will enjoy an intense week of real sport. In the same spirit, I would like to express my gratitude in advance to all those who will do their utmost to organise the event.

Looking forward to meeting you on the competition venue, I wish everyone an exciting sporting competition. Italy is waiting for you!

President of FIPSA

My most cordial welcome to all the athletes, commissioners, technicians and accompanying persons who will be present at this important and exceptional sporting event, which will be held for the first time in Italy.

The World Championship to be held in Vicenza will remain in the hearts and minds of all participants. It can certainly be said that Vicenza is the Italian city that has seen the birth and growth of this sporting activity; this location, together with the entire Veneto region, also gives us the assurance

of efficient organisation and warm hospitality. Athletes who participate will be able to appreciate the cultural, artistic and eno-gastronomic heritage of this area.

These premises are fundamental for the success of the event, so I am certain that this hospitality will be accompanied by a competitive spirit animated by great loyalty.

I conclude by thanking the organising committee, the authorities, and all those who will do their utmost to realise a brilliant event, and I wish all the athletes that the best will win!

The City of Vicenza

Vicenza is a very **elegent** and **fascinating** city. In 1994, it was included in the **UNESCO World Heritage list**, thanks to the contribution of architect Andrea Palladio. The Salvi Gardens contain the beautiful **Loggia Valmarana**, probably designed by a pupil of **Andrea Palladio** (if not by the architect himself) in 1592 and included in the UNESCO list of sites. Below it flows the Seriola, which adds to the **atmosphere**.

The Temple of San Lorenzo was built from 1280 onwards. In Gothic style, it is characterised by its **imposing portal** dating from the 14th century designed by architect Andriolo De Santi. The **breathtaking Teatro Olimpico** is a **spectacle of rare beauty**. Designed by **Palladio**, who unfortunately died before seeing it finished, it is the **oldest covered masonry theatre in the world**.
